My father had unquenchable spirit. He pioneered the Presto when it was popularly believed that it couldn't be done. He knew it was a unique paper and he had confidence in our future. He never considered the idea of failure. It was too much fun building on our ideas and making them work. We worked together for more than eleven years in complete harmony and we put out a Presto, on time, every week. He worked to the last ounce of his strength because for him it was a labor he loved. He made more friends and had more courage than any man I've every known. To him, back from all these friends, has flowed a constant stream of encouragement this last month. He fought with everything he had.

As he returned from the hospital to Mattapoisett on Friday, he drank in every sight on the way - the color in the trees, the village and the harbor he loved. When he ar-

LETTER TO SELECTMAN
WILLIAM J. SPARK, JR., CHAIRMAN
Dear Mr. Spark:

On Thursday, October 14, 1965, one of your members - Selectman Haley - delivered an address to the pupils at the Center School. His address was the main feature of our ceremony dedicating the new flagpole.

Mr. Haley did an outstanding job, and for his efforts I extend my sincerest thanks. However, I send you this letter to let you know, also, how pleased I am, personally, that a busy man can find time to carry on the functions of a selectman, and still remember that young people count. I told "Bud" when I talked with him immediately after the ceremony, he would make a fine teacher. His presentation on the subject of patriotism was sincere and meaningful.

It is only fitting that I take a few moments from my schedule to let you know how pleased I was with the efforts of one of your members.

Sincerely yours,
Joseph C. Kunces,
Superintendent of Schools.

LETTER TO SELECTMEN from Special Committee on Zoning dated October 6 by Joseph Collins, secretary, asked Selectmen for a time extension. It states, "A considerable amount of time and effort has already been expended by the committee and it is felt that additional time is necessary to properly coordinate the work so that a logical and complete presentation may be made.

On October 13 the Selectmen granted an extension to the Special Committee on Zoning until December 1, 1965.

In a second letter the zoning committee requested a joint meeting with the Board of Selectmen and the Planning Board for an interim progress report. This meeting is to be held during the week of November 8th.

Of special interest were shots of the annual yacht racing day in England, "Cowes Week", an historical event since the days of Queen Victoria when hundreds of yachts from many lands gather to compete. Miss Strongman has made other trips with Irving and Electa Johnson on their boat and is also well known in this area for many years of work as a leader of Girl Scout Mariners in South Dartmouth.

Mrs. Everett L. Hardy presided at the business meeting. Donations to several charities were voted. It was announced that Mrs. Clarence Perry of Rochester was interested in becoming a member of the club. On October 22 the Mass. State Federation of Women's Clubs Regional Conference will be held in Quincy, and on October 29 the Fall Meeting will be held in Leominster. The president would like to have persons interested in attending these meetings contact her.

On Saturday, October 23, a rummage sale will be held at the club house from one to five in the afternoon. Mrs. Everett L. Hardy and Mrs. George Church are co-chairmen. How to make sure you get every drop of heating oil you pay for

NOW SHELL Heating Oil is metered into your storage tank as electricity is metered into your home.

Our trucks are equipped with highly accurate meters that measure the exact amount of oil we deliver to your tank.

The meter prints the amount of oil delivered on a receipt. You get the printed receipt as a permanent record for your files.

Metered deliveries are one of the many advantages we offer our heating oil customers. For complete details, call us today.
